

# Let Check Center's Guarantee Services Work For You

Our check services make it easy and convenient to say yes to checks at the point of sale. Enhance our basic service with these premiums designed to increase your sales while reducing your risk. These and others are available to tailor a program to your specific needs.

### Check On Delivery

Before you send out an order, authorize the check with us. You can then send out the order and collect the check knowing it's guaranteed. With this premium, your customers will be able to pay with a check the preferred method of non-cash payment.

### Multiple Check

This check payment solution allows you to accept 2-4 checks from a customer to be deposited over a thirty day period. The checks are guaranteed up to the total maximum approval amount.

### Disputed Stop Payment

We'll give you the protection you need against Stop Payment returns. Check out other programs, and you'll find they don't cover disputes. We do! Our coverage includes reimbursement on Disputed Stop Payments when you need it the most.
